

Daily Schedule

Student comes to the center during their allotted time slot. If it is not the student's shift, they will not have priority and will have to wait for their perspective time.

1. We assist the student with any academic work they need assistance with. This includes homework, project, and literacy help.
2. Additional assistance is lent depending on specific instruction by the student's teacher in order for us to help advance the child's educational goals.
3. Once the student is finished with their homework, we require the student to read for a minimum of 15 minutes; however, this time may increase if required by the teacher to improve literacy.
4. After the student's time is up, we provide the student with a quiz regarding comprehension and vocabulary on the material read.
5. If the student passes the quiz they are provided with a snack and a beverage and allowed to use our iPads and laptops for game play. If the student doesn't pass the quiz, they are required to read additional minutes until they pass the comprehension quiz.

This schedule is only slightly altered during on-site activities.
